Dear Vladislav

On behalf of the IFFS I would like to thank the RAHR and you as leader for the hospitality and spirit of collaboration shown to colleagues from the IFFS at the recent workshop in Vladivostock. I believe the meeting was a great success which is as much due to the effectiveness of your leadership in mobilising local support. I also want to thank colleagues from RAHR – Moscow and St Petersburg - who created an excellent and informative faculty.

Finally, I am sure I can speak for Virginia, Rachel and Paul in that we had great fun undertaking this joint educational venture with RAHR colleagues in Vladivostock and we look forward to future collaboration.

Kind regards

Richard

President, IFFS
