About Bali 22

Background

We are delighted to announce the upcoming 12th Asian Congress on Endometriosis, set to take place from September 20th to September 22nd, 2024, in the picturesque island paradise of Bali. This significant event, held in the heart of Indonesia, will be a pivotal moment in the world of women's health and medical science, bringing together leading experts from across the Asian continent and beyond.

Under the guiding theme "Embracing Personalized Medicine in Endometriosis: From Prevention, Diagnosis, and Treatment," this congress will serve as a platform to explore and advance the latest developments in the field of endometriosis. Endometriosis is a chronic and often debilitating condition that affects millions of women globally, characterized by the growth of uterine-like tissue outside the uterus, leading to severe pain, fertility challenges, and a range of distressing symptoms.

The theme for this year's congress underscores the fundamental shift toward personalized medicine in addressing endometriosis. Personalized medicine tailors medical care and treatment plans to the unique characteristics of each patient, offering a more precise and effective approach. This innovative concept is poised to revolutionize the way we approach the prevention, diagnosis, and treatment of endometriosis.

Key Objectives of the Congress:

- **Advancing Prevention:** The congress will explore strategies for early detection and intervention, focusing on reducing the incidence of endometriosis and improving the overall well-being of women. By emphasizing prevention, the burden of the disease can be lessened.
- **Cutting-Edge Diagnosis:** Experts will share the latest breakthroughs in diagnostic methods and technologies, enabling healthcare professionals to diagnose endometriosis with greater accuracy and efficiency, ultimately leading to more timely and tailored treatment.
- **Optimizing Treatment:** The congress will delve into the realm of personalized treatment options, demonstrating how tailored interventions can lead to more effective and less invasive treatments. This personalized approach aims to improve patient outcomes and minimize the side effects often associated with conventional therapies.

Background

- **Interdisciplinary Collaboration:** The event will promote collaboration among various healthcare disciplines, such as gynecology, surgery, and research, fostering a holistic approach to managing endometriosis. This collaborative effort encourages the exchange of knowledge and experiences to enhance patient care.
- **Patient-Centered Care:** Recognizing the importance of the patient's perspective, the congress emphasizes the significance of involving patients in their own healthcare decisions. Empowering women with endometriosis to actively participate in their treatment and management is central to our approach.
- Bali, known for its natural beauty and vibrant culture, offers the perfect backdrop for this important congress. Participants will have the opportunity to engage in knowledge exchange, networking, and collaboration through plenary sessions, workshops, and interactive forums.
- We extend a warm invitation to all distinguished speakers and participants interested in advancing the understanding and treatment of endometriosis to join us in Bali. Together, we can embrace personalized medicine as the future of endometriosis care and work toward alleviating the suffering caused by this condition, ultimately improving the lives of countless women in Asia and beyond. We look forward to your participation in this transformative event.

Welcome Message

Dear Esteemed Colleagues,

I am delighted to extend a warm welcome and share the exciting news that the 12th Asian Congress on Endometriosis (ACE) is scheduled in the enchanting island paradise of Bali, Indonesia, from September 19th to 21th, 2024.

In alignment with the mission of the Asian Society of Endometriosis and Adenomyosis (ASEA), this annual congress promises to be a pivotal gathering that emphasizes the latest advancements and comprehensive care for endometriosis patients. Our central theme, "Embracing Personalized Medicine in Endometriosis: From Prevention, Diagnosis, and Treatment," underscores our commitment to improving the lives of individuals affected by this condition.

Endometriosis poses a significant burden on women of reproductive age, including those struggling with infertility. Sadly, a widespread issue is the delay in diagnosing endometriosis, which affects individuals across Asia. Cultural and socioeconomic barriers often hinder access to timely care, compounding the challenges patients face and diminishing their quality of life and fertility prospects. Our congress will spotlight medical management as a cornerstone of endometriosis care while delving into the development of traditional and complementary therapies and innovative surgical techniques to enhance patient outcomes and prognosis.

This event will unite accomplished scientists from academic institutions and proficient clinicians in their respective fields. We extend a heartfelt invitation to both national and international participants to submit their research abstracts that align with our central theme.

Bali, renowned for its breathtaking natural beauty and warm hospitality, provides an ideal backdrop for this congress. The island's serene environment offers respite from the daily hustle and bustle, allowing attendees to focus on their academic pursuits. It's worth noting that Indonesia's travel borders have officially reopened after the COVID-19 pandemic, making Bali a welcoming and safe destination for all speakers, participants, sponsors, and colleagues.

Don't miss the opportunity to be part of this essential scientific gathering while also savoring a remarkable experience in this tourist haven. From immersing in rich culture to embarking on thrilling adventures, indulging in shopping delights, relishing exquisite cuisine, and more – Bali has it all.

We eagerly welcome you to the 12th Asian Congress on Endometriosis in Bali
With warm regards,

The Committee

Advisory Board

Venue at Glance

Bali Nusa Dua Convention Center (BNDCC)

Nusa Dua is the premier resort area in Bali. The vicinity has an excellent tourism infrastructure with more than 4,000 available rooms of international 4 and 5-stars chain hotels, a close by 18-holes Golf & Country Club, Amphitheater, alongside luxurious shops, Cafe and Restaurants with a seamless white sandy beach within a walking distance.

Within this alluring atmosphere, Bali Nusa Dua Convention Center (BNDCC) offers a promising eminence with its desirable location and compelling excesses. The whole concept consists of a high-profile characteristic, an impressive 70,000 sq.m garden landscape and a breathtaking Balinese architecture of a total 50,000 sq.m building area which all integrated to create a complete infrastructure for any kind of events. Each detail is developed with our commitment to wholeheartedly demonstrate our work in the most professional way.

An exceptional venue for participants in theater capacity. It offers a total of 44 multi-functional, flexible rooms including the bigger and sub divisible halls of 4,400 sq.m Nusa Dua Hall, 1,770 sq.m Pecatu Hall, 1,734 sq.m Singaraja Hall or 920 sq.m Tanjung Benoa Hall.

In delivering world-class events, we offer our 32 fully equipped meeting rooms and 11 offices for break-out sessions, luncheons, dinners, workshops and press conferences. All these rooms come in a range of sizes and sub-divisible options, giving a great degree of flexibility.

Venue at Glance

Bali Nusa Dua Convention Center (BNDCC)

BNDCC is located at Bali – The Nusa Dua ITDC complex. BNDCC not only features beautiful “Green” surroundings with natural light and maximized ventilation, but has also established strategies for controlling air quality. This includes prohibiting smoking in all building area which has resulted in enhanced air quality in our center. We take our pride in our commitment to incorporate sustainable practices in all our business operations.

DAY 1: Pre-Congress Workshop

Workshop On Endometriosis Ultrasound

(Organized By Hiferi: Isoug Certified)

Time	Thursday, September 19 th , 2024
07.30 – 08.00	Registration
08.00 – 08.15	Welcome, course overview, and pre-course questionnaire
08.15 – 08.45	How to obtain optimal image? A basic scanning technique revisited
08.45 – 09.00	Group photo session and Coffee break
09.00 – 09.30	Performing ultrasonography for endometriosis: an overview of IDEA consensus
09.30 – 10.00	How to diagnose superficial endometriosis lesion using ultrasonography?
10.00 – 10.30	Anterior segment assessment
10.30 – 11.00	Uterosacral ligament assessment
11.00 – 11.30	Rectosigmoid assessment
11.30 – 12.00	Deciphering adenomyosis
12.00 – 13.00	Lunch break
13.00 – 13.30	Malignant transformation of endometriosis
13.30 – 14.00	The role of ultrasonography in pre-surgical planning: a surgeon's point of view
14.00 – 14.15	Preparation for Live Demo
14.15 – 15.00	Live demo
15.00 – 15.15	Written evaluation
15.15 – 15.30	Closing

Workshop on Endometriosis Fertility Management

(Organized by Indonesian Society of Reproductive Endocrinology and Fertility)

Time	Thursday, September 19 th , 2024
08.00 – 08.30	Registration
08.30 – 08.40	Opening
08.40 – 08.45	Case Illustration
08.45 – 09.15	Underlying molecular mechanisms responsible for endometriosis-associated infertility
09.15 – 09.45	How to approach couples with endometriosis-associated infertility
09.45 – 10.15	Ovarian endometriosis – how to save the ovarian reserve and function?
10.15 – 10.35	Discussion
10.35 – 10.50	Coffee break
10.50 – 10.55	Case Illustration
10.55 – 11.25	Deep endometriosis and infertility – what is the benefit of surgery?
11.25 – 11.55	Adenomyosis and infertility: ways to overcome
11.55 – 12.25	To be or not to be surgery for endometriosis and infertility?
12.25 – 12.45	Discussion
12.45 – 13.45	Lunch break
13.45 – 13.50	Case Illustration
13.50 – 14.20	Role of adjuvant therapy in infertility treatment for endometriosis patients
14.20 – 14.50	Controlled ovarian stimulation in endometriosis and adenomyosis patients
14.50 – 15.20	Endometrial preparation for FET in endometriosis and adenomyosis patients
15.20 – 15.40	Discussion
	Closing

Workshop on Endometriosis Surgical Management / Surgical Approach (Organized by Indonesian Gynecological Endoscopy Society)

Time	Thursday, September 19 th , 2024
08.00 – 08.30	Registration
08.30 – 08.40	Opening
08.40 – 09.10	When to do surgery
09.10 – 09.40	Endometriosis mapping for surgical planing
09.40 – 10.10	How & when to prepare multidiscipline approach
10.10 – 10.30	Discussion
10.30 – 10.45	Coffee break
10.45 – 11.15	How to deal with endometrioma
11.15 – 11.45	Surgical approach for Adenomyosis
11.45 – 12.15	Surgical tehchine for POD obliteration
12.15 – 12.35	Discussion
12.35 – 13.35	Lunch break
13.35 – 14.05	Surgical technique for posterior compartment DIE (uterosacral, rectovagina, retrocervix & rectum)
14.05 – 14.35	Surgical technique for anterior compartment DIE (bladder endometriosis)
14.35 – 15.05	Surgical technique for lateral compartment DIE (ureter endometriosis)
15.05 – 15.25	Discussion
15.25 – 16.00	Closing

Workshop on Adolescent Pelvic Pain (Organized by Indonesia Society of Social Obstetrics and Gynecology)

Time	Thursday, September 19 th , 2024
08.00 – 08.30	Registration
08.30 – 08.40	Opening
08.40 – 09.10	The importance of adolescent specific care
09.10 – 09.40	Pelvic pain in adolescent
09.40 – 10.00	Discussion
10.00 – 10.15	Coffee Break
10.15 – 10.45	Evaluation of pelvic pain in adolescent
10.45 – 11.15	Management of pelvic pain in adolescent
11.15 – 11.45	The role of support group to empower adolescent with endometriosis
11.45 – 12.05	Discussion
12.05 – 13.05	Friday Prayer and Lunch break
13.05 – 13.45	Case Based Discussions
	Closing

Day 2: Main-Congress

Time	Friday, September 20 th , 2024				
07.30 - 08.00	Registration				
	Ballroom A	Ballroom B	Ballroom C	Ballroom D	Smallroom 1
08.00 – 08.02	Opening Ceremony				
08.02 – 08.05	Indonesia Raya				
08.05 – 08.10	Welcome Address by the Chairman of the Local Organising Committee				
08.10 – 08.15	Address by the President of Asian Society of Endometriosis and Adenomyosis				
08.15 – 08.20	POGI President Speech				
08.20– 08.25	Ministry of Health representation/Governor of Bali				
08.20 – 08.30	Opening ceremony led by Chairman of the LOC, President of ASEA, POGI president				
	Ministry of Health representation/Governor of Bali				
08.30 – 08.35	Opening ceremony				
	Traditional Dance : Struggle to Fight Endometriosis				
08.35 - 09.00	Closing and bridging to plenary lecture				
09.00 - 09.20	Keynote Lecture 1				
	A centennium of the retrograde menstruation theory: Where do we stand now?				
09.20 - 09.30	Interactive Discussion				
09.30 - 09.50	Keynote Lecture 2				
	Current understanding medical therapy for adenomyosis: from bench to bedside				
09.50 - 10.00	Interactive Discussion				
10.00 - 10.20	Coffee break				
10.20 - 11.20	Session 1: Organized by ASEAN Society of Endometriosis and Adenomyosis (ASEA)	Session 2: Organized by Indonesian Reproductive Endocrinology and Fertility (HIFERI)	Session 3: Collaboration with Asia Oceania Society of Pediatric and Adolescent Gynecology (AOSPAG)	European Endometriosis League Session	

Time	Ballroom A	Ballroom B	Ballroom C	Ballroom D	Smallroom 1
10.20 - 10.45	Endometriosis management in the future: Asian perspective	Indonesian guideline on dysmenorrhea	Role of ultrasonography to improve the diagnosis of endometriosis in adolescents more practical?		
10.45 - 11.10	Endometriosis research direction in Asia: What's to be explored?	Indonesian guideline on endometriosis fertility management	How to choose hormonal treatment for medical management of endometriosis in adolescents?		
11.10 - 11.20	Interactive discussion	Interactive discussion	Interactive discussion		
11.20 - 11.45	Oral Communication (Short Listed)	Oral Communication (Short Listed)		Oral Communication	Poster Presentation
11.45 - 13.00	Friday prayer Break				
13.00 - 14.00	Lunch Symposium 1				
	Moderator:				
13.00 - 13.25	Topic 1				
13.25 - 13.50	Topic 2				
13.50 - 14.00	Interactive Discussion				
	Keynote Lecture 3				
14.00 - 14.20	Does immunotherapy for endometriosis already exist? Learning from immuno-pathomechanism of endometriosis				
14.20 - 14.30	Interactive Discussion				
	Keynote Lecture 4				
14.30 - 14.50	Endometriosis and obstetrics outcome				
14.50 - 15.00	Interactive Discussion				
15.00 - 15.45	Case presentation with expert panel (asea board member) Management of endometrioma to maximize fertility preservation				

Time	Ballroom A	Ballroom B	Ballroom C	Ballroom D	Smallroom 1
15.45 - 16.00	Evening Break + Prayer Break				
16.00 - 17.00	Session 4: Collaboration with Organized by Asia Pacific Association for Gynecologic Endoscopic Surgeons (APAGE)	Session 5: Endometriosis and Obstetric Outcomes	Session 6: Current Advances in Endometriosis Medical Management	Country Session Endometriosis Society of China - 1	Country Session Endometriosis Society of Russia - 1
16.00 - 16.25	What is the best approach to do endometrioma cystectomy to prevent ovarian reserve loss?	Does female fetus stress in utero can become a starting point to have endometriosis in the future?	Current medical accupuncture modalities to treat chronic pelvic pain caused by endometriosis	✓	
16.25 - 16.50	What is the best approach to do surgery in endometriosis with very severe adhesion?	Does pregnancy come from endometriosis patients can end up in poor obstetric outcomes?	GnRH antagonis: Current modalities to treat endometriosis associated pain		
16.50 - 17.00	Interactive discussion	Interactive discussion	Interactive discussion		
17.00 - 18.00	Session 7: Collaboration With The Asia Pacific Initiative on Reproduction (ASPIRE)	Session 8: Pain Beyond Endometriotic Lesion	Session 9: Endometriosis Social And Government Awareness	Country Session Endometriosis Society of China - 2	Country Session Endometriosis Society of Russia - 2
17.00 - 17.25	Does freeze all policy is the best solution for endometriosis IVF management?	The pathophysiology of chronic pelvic pain beyond endometriosis lesions	How social media can mislead or improve community perception of dysmenorrhea?	✓	
17.25 - 17.50	Does egg freezing has already become standard practice for young endometriosis patients?	The current treatment option to manage chronic pelvic pain beyond endometriosis lesions	How to involve government and patient supporting group to increase endometriosis awareness and early detection?		
17.50 - 18.00	Interactive discussion	Interactive discussion	Interactive discussion		
18.00	End of Symposium Day 1				

Day 3: Main-Congress

Saturday, September 21st, 2024

Time	Registration				
	Ballroom A	Ballroom B	Ballroom C	Ballroom D	Smallroom 1
07.30 - 08.00	Registration				
07.00 - 08.00				Breakfast Meeting Organized By Indonesia Society of Vitro Fertilization (PERFITRI)	Breakfast Meeting Organized by Indonesian Society of Reproductive Endocrinology and Fertility (HIFERI)
07.00 - 07.30				Best COH protocol for endometriosis IVF patients: case presentation	Best surgical approach in endometriosis to prevent organ injury: case presentation
07.30 - 08.00				Interactive discussion	Interactive discussion
08.00 - 09.00	Session 10: Collaboration with Asia Pacific Menopause Federation (APMF)	Session 11: Endometriosis and Malignancy	Session 12: Management of Complex Endometriosis Cases	Country Session India	Oral Communication
08.00 - 08.25	What are the issues of post-menopausal endometriosis?	Pathogenesis of malignant transformation in endometrioma	How to deal with poor ovarian response in endometriosis patients?	Robotic session	
08.25 - 08.50	How to manage climacteric symptoms after endometriosis definitive surgical procedure?	Diagnostic procedure to identify malignant transformation in endometrioma	How to improve endometrial receptivity in endometriosis patients?		
08.50 - 09.00	Interactive discussion	Interactive discussion	Interactive discussion		
09.00 - 10.00	Oral Communication (Short Listed)	Oral Communication (Short Listed)		Oral Communication	Poster Presentation
10.00 - 10.30	Coffee Break				

Time	Ballroom A	Ballroom B	Ballroom C	Ballroom D	Smallroom 1
10.30 - 10.50	Keynote Lecture 5 What happen inside the endometrioma?				
10.50 - 11.00	Interactive Discussion				
11.00 - 11.20	Keynote Lecture 6 The strategy to improve fertility outcome in endometriosis				
11.20 - 11.30	Interactive Discussion				
11.30 - 12.30	Lunch Symposium 2				
11.30 - 11.55	Topic 1				
11.55 - 12.20	Topic 2				
12.20 - 12.30	Interactive Discussion				
12.30 - 13.00	Afternoon Break + Prayer Break				
13.00 - 14.00	Session 13: Surgery Procedures on Bowel and Urinary Tract Endometriosis	Session 14: Endometriosis and Mullerian Anomalies	Session 15: Organized by Indonesian Society of Reproductive Endocrinology and Infertility (HIFERI)	Country Session Endometriosis Society of Japan - 1	
13.00 - 13.25	Surgical management of bowel endometriosis	Ultrasound findings of Mullerian structural anomalies that are associated with endometriosis	What is the different between primary dysmenorrhea and secondary dysmenorrhea?		
13.25 - 13.50	Surgical management of urinary tract endometriosis	The management of mullerian structural anomalies	What is the mechanism of abnormal uterine bleeding in adenomyosis?		
13.50 - 14.00	Interactive discussion	Interactive discussion	Interactive discussion		
14.00 - 15.00	Session 16: Collaboration with Indonesian Gynecological Endoscopy Society (IGES)	Session 17: Endometriosis Comorbidities	Session 18: Nutrition and Endometriosis	Country Session Endometriosis Society of Japan - 2	
14.00 - 14.25	The role of hysteroscopy in endometriosis management	Role of ultrasound in recognizing deep endometriosis in GI tract and urinary tract	The role of antioxidants and vitamin D in endometriosis management		

Time	Saturday, September 21 st , 2024				
	Ballroom A	Ballroom B	Ballroom C	Ballroom D	Smallroom 1
14.25 - 14.50	The role of laparoscopy in endometriosis to predict the prognosis	An introduction to endometriosis comorbidity: Irritable bowel disease	The role of pro-inflammatory and anti-inflammatory foods in endometriosis		
14.50 - 15.00	Interactive discussion	Interactive discussion	Interactive discussion		
15.00 - 15.30	Evening Break + Prayer Break				
15.30 - 15.50	Keynote Lecture 7 Fertility preservation in endometriosis				
15.50 - 16.00	Interactive Discussion				
16.00 - 16.20	Keynote Lecture 8 When is the right time to do surgery?				
16.20 - 16.30	Interactive Discussion				
16.30 - 17.00	Case Presentation With Expert Panel (Asea Board Member)				
17.00	ACE Closing Ceremony				
17.00 - 17.05	Opening				
17.05 - 17.10	Congress President Speech				
17.10 - 17.35	Awarding: Best Oral Presentation Best Poster Presentation Other Awarding				
17.35 - 17.40	ASEA President Speech				
17.40 - 17.50	Flag Handover to the Next Congress Country				
17.50 - 17.55	Next Congress President Speech				
17.55 - 18.00	Bali declaration of endometriosis				
17.55 - 18.00	Closing				

Guidelines of Abstract Submission

Introduction

The abstract submission guidelines for The 12th Asian Congress on Endometriosis are intended to provide clear instructions before submitting an abstract. You are kindly requested to carefully read the guidelines stated below. The 12th Asian Congress on Endometriosis Scientific Committee (SC) maintains the right to reject any abstract that does not meet the below requirements or is in violation of them.

Important Dates

- Submission deadline – Friday, June 7th, 2023 at 10.00 pm Bali Time (GMT+8)
- Submitter notified of acceptance by email – Friday, July 5th 2023
- Presenter registration deadline – Thursday, August 1st 2023

All free paper presenters must register and pay the applicable registration fees to remain in the program. Presenters who fail to pay registration fees risk will be removed from the program at the discretion of the Program Committee. There is no reduced registration fee for presenters. Please go to the Registration page on the Congress website at <https://acebali2024.com/>

Financial Support

ACE committee does not provide any financial support – such as a registration waiver, accommodation and/or travel support – to presenters. Presenters are responsible for their own expenses related to their congress participation.

Total number of words for the title	140 characters
Total number of words for the body	1,600 characters
Total number of Authors (first author and co-authors)	3 authors
Total number of Affiliations	5 affiliations

Submitting Abstracts

All abstracts must be submitted through email freepaper@acebali2024.com

When submitting abstracts, authors are required to choose:

1) Presentation styles

A. Oral Session

B. E- Poster

Author Information

During online submission, the following information is required for all authors:

- Full Name
- Affiliation (organization/institution, City, Country)
- Email Address
- Phone Number

Guidelines of Abstract Submission

The submitter will be asked to indicate the presenter. One of the listed authors must be the presenter. It is recommended to limit the selection to one presenter. All correspondence will be with the person who submits the abstract.

Note: Submissions will be peer reviewed – the review process is double blinded, meaning that author and reviewer information is not shared with either party.

Consent to Publication

During submission, the submitter is required to consent to publication of the submitted abstract. The submitter is responsible for receiving consent from all authors before completing a submission

Language

Written submissions are accepted in English only

Instructions For Abstracts

Committee requires a structured abstract which includes the following segments:

Objective

Begin with a clear, concise statement of the precise objective or question presented in the study.

Methods

Indicate the measurement(s) of primary study outcome which has been planned before data collection begins. If the manuscript does not report the main planned-outcomes of a study, this fact should be stated and the reason should be indicated. State clearly whether the hypothesis, which was being tested, was formulated during or after data collection. Explain some outcomes or measurements which might be unfamiliar to the general medical readership.

Results

Describe the methods of assessing patients and state the key results; this section must include data, even if preliminary.

Conclusion

State clearly the conclusions and clinical applications that are supported by the data. Advice, if additional study is required before this information, should be used in clinical settings.

Guidelines of Abstract Submission

Oral Presentation Guidelines

Your cooperation is appreciated in keeping the meeting on schedule for the benefit of all attendees.

Please note the following guidelines:

Authors must be prepared before presenting to allow fast and easy transition from one talk to another to avoid unnecessary delay between presentations. All talks are limited to the amount of time listed in the program.

- **Standard Audio-Visual Package:** LCD projector, screen, laser pointer and wireless lapel microphone.
- **Speakers:** A laptop will be provided in each technical session room. You can bring your own laptop as a back-up only but remember to bring the necessary video connectors as well.
- **Speaker Ready Room:** In order to be prepared for your presentation, a speaker Ready Room is provided in the ---- room (lobby level) to help presenting authors give a smooth and trouble-free presentation. Testing your presentation in the Speaker Ready Room will minimize potential equipment compatibility issues. PowerPoint presentation to be used during the session should be uploaded in the Speaker Ready Room no later than AN HOUR before your scheduled presentation.
- **Oral Presentation:** presentation duration 10 minutes (including Q&A session). The program has an extremely tight time schedules, you are therefore requested to keep to this schedule precisely. Given the brevity of presentation, we suggest you limit your presentation slides to 10.
- **PowerPoint Screen:** size is 16:9.
- **Audio Visual Assistance:** only minimal audio-visual assistance can be expected from your session chair. If a problem arises, please relay the issue to the staff on-site, who will contact the appropriate personnel.
- **Preparing Your Presentation:** in order to use MAC presentations on a PC compatible computer please note that you need to prepare it according to the instructions below, before bringing it to the Speakers' Ready Room:
 1. Use a common font, such as Arial or Times New Roman (special fonts might be changed to a default font on a PowerPoint based PC)
 2. Insert pictures as JPG files (and not TIF, PNG or PICT - these images will not be visible on a PowerPoint based PC)
 3. Use a common movie format, such as AVI, MPG and WMV (MOV files from QuickTime will not be visible on a PowerPoint based PC)
 4. You may use your own Apple laptop computer as a back-up only. In such a case please confirm that it has a VGA socket for external signal and come to check it first in the Speakers' Ready Room as soon as you arrive and later on in the session hall where your lecture is taking place during the coffee break or lunch break prior to your session, at least 1 hour before the start of the session.

Guidelines of Abstract Submission

- **Media:** please save your PowerPoint presentation on a USB stick/thumb drive and / or send the file to committee's email: freepaper@acebali2024.com
- **Presentation Language:** the official language of the congress is English. Simultaneous interpretation will not be provided.
- **Security:** committee is not responsible for the security of any personal equipment
- **Note:** The use of your own laptop during your presentation is Not Allowed.
- **Pre-Session Instructions:** Kindly be at your session rooms at least 15 minutes before your session is due to start. This will allow you to meet your chairperson. This will also allow you to be briefed on how to use the Audio-Visual Equipment inside the meeting room.
- **Certificates of Participation:** each presenter will be given one certificate. This certificate will be issued under the name of the presenter.

E-Poster Guidelines

- An E-Poster is an electronic version of the traditional boards, and is displayed on monitor screens using PowerPoint slides. E-Poster may include text, figures, tables and images. No video/animations.
- E-Posters should consist of a maximum of 12 Microsoft PowerPoint slides, including title slide and offering information on the following topics: Introduction, Material and Methods, Discussion, Conclusion
- Use only Times New Roman or Arial Font with the minimum size of 18; maximum number of lines per slide – 10
- Use the first slide to display the title of the E-poster and author information
- Pictures & graphics should be of good quality
- The file size should be less than 5 MB
- E-posters should not contain any video or animation slides.
- Scientific E-Posters, in general, have the following characteristics:
 1. Are presented by individuals rather than organizations
 2. Present scientific material, usually new information
 3. Do not solicit members, or promote an organization
- Selected E-Poster can be viewed any time during the conference. A specific time slot will not be required.
- Kindly upload your E-Poster at the venue in the Speaker Preview Room on **September 20th 2023** at 12 noon and / or send the file to committee's email: freepaper@acebali2024.com in advance, is highly recommended.

Visa Information

1. No Visa is needed for ASEAN Countries (Brunei, Cambodia, Laos, Malaysia, Myanmar, Philippines, Singapore, Thailand, Vietnam) and Timor-Leste.

Requirements:

- Stay in less than 30 days
- For more than 30 days, you need Visa On Arrival (VOA) or B211A Visa

2. The VOA rules apply in most countries: The VOA for Bali (Indonesia) can be purchased at the VOA counter in the airport arrival hall, or you can apply for an eVOA in advance through the official website <https://molina.imigrasi.go.id/>. The VOA is charged Rp500,000. Procedure & Requirement VOA application is submitted by the Foreign Nationals at certain Immigration Checkpoint with the following requirements:

- A legal and valid passport for at least six months
- A return ticket or onward ticket to continue the trip to another country, except for the crew of means of transport which will stop over to join the ship and continue the journey to another country

The procedure of granting VOA at the VOA counter are as follows:

- The Immigration Officer will check the completeness of your requirements.
- Fill in the data on the provided form.
- Get the payment code right after your required documents are declared complete. You shall pay the immigration fees in accordance with the legislation.
- The Immigration Officer will create a profile and verify your data.
- You will get the visa grant approval, then the Immigration Officer will put a VOA sticker to your travel document.
- VOA is directly granted at the VOA counter if all requirements are fulfilled.

Ticket from Indonesia

According to the rules, you must have a return ticket or a ticket to a third country to enter Indonesia. A ticket from Indonesia will not always be checked, but you should understand that if a passport control officer or an airline employee requests it, you must present it. Otherwise, you may be denied entry into the country or check-in for a flight.

Custom Declaration

All international travelers are required to fill out a Customs Declaration (CD) to enter the country. This can be done online at the airport upon arrival or completed through the official website ecd.beacukai.go.id in advance.

About Bali

Bali is among the world's most attractive and popular tourist destinations. The eastern coast of the island of Java is home to a tiny paradise that never fails to amaze visitors with its distinct culture, warm residents, breath-taking scenery, global activities, delicious cuisine, and limitless accommodation possibilities.

Bali has also been known as a place for global conferences due to its international standard meetings facilities. Recently, Bali has hosted the G20-2022 meetings, World Congress on Infectious Diseases (WCID), International Conference On Sustainable Healthy Cities And Sustainable Development Goals (ICSHCSDG) and many more.

The province of Bali consists of the island of Bali as the largest island with small islands around it, namely Nusa Penida Island, Nusa Ceningan Island, Nusa Lembongan Island, Serangan Island (located at the foot of Bali Island), and Menjangan Island which is located in the western part of the island. Bali.

Time zone

Bali is in the Central Indonesian Time (WITA) time zone: + 08:00 hour GMT/UTC.

Season and Weather

Bali is located just a few degrees south of the equator. It has a tropical climate with sunshine all year round and tends to be hot and humid all along the year. Rainy season usually starts from November to March, and a relatively dry season often occurs from April to October; however, some showers can still occur, so it is better to always prepare umbrellas and raincoats. In the rainy season, it usually rains a couple of hours in the morning or in the afternoon, while for the rest of the day, it has sunshine for a few hours.

Temperatures are high and uniform throughout the year. They are slightly higher from October to May and the temperatures can reach 30 C, with the daily average at around 27 C (81 F). They are a bit lower from June to September, when the daily average is around 26 C (79 F). In the rainy season, there is muggy heat due to high humidity.

Transportation

In Bali there are many ways of transportation for you to travel easily from one place to another. You can rent bicycles, motorbikes, or cars. You also can take a conventional taxi (Blue Bird) or you can also find online taxi via application (Grab & Gocar) and driver who will also be your guide. Tell the driver your desired route and negotiate a fee. An important virtue to have while on the road in Bali is patience! Although the road system in the heavily populated areas is quite reasonable (condition wise), it can also be heavily congested at peak periods. Ceremonial processions often take up the entire road so if you are caught behind a procession, enjoy the colorful experience.

Currency and Bank Services

For transactions, the Balinese people use Rupiah (IDR) as the official currency. The applicable banknotes here start from IDR 1,000, IDR 2,000, IDR 5,000, IDR 10,000, IDR 20,000, IDR 50,000, and up to IDR 100,000 as the largest value. While the value of coins is IDR 100, IDR 200, IDR

About Bali

Banks are open from Monday to Friday, generally from 8:00am to 2:00pm. ATMs (cash machines) work 24 hours a day. All banks close at weekends and on public holidays. There are plenty of currency exchange offices, banks, and cash machines throughout the city.

Language

Balinese people use Indonesian and Balinese to communicate with each other. The most common foreign language used here is English.

Electric Socket, Plugs, Adapters

The socket models that you will find in Bali are models C and F. This type has two cylindrical connection legs designed which is the standard European plug. A universal plug would also suffice.

The standard voltage throughout Indonesia is normally 230 V and with a standard frequency of 50 Hz. If you are from the the UK, Europe, Australia and most of Asia or Africa, most of your phones, laptops and other gadgets could be charged like normal. However, if you come from countries like the United States, Canada, and most South American countries, the range of voltage differs in Indonesia.

Internet and Connectivity

In order to keep internet connection running smoothly, you should choose a prepaid local SIM (Subscriber Identification Module) card. With start from IDR 100.000 you can get various types of internet quota, so that you can stay online for a month. You can get a SIM card in a local merchant available almost everywhere. The WI-FI connection is usually available at hotels, restaurants, or large shopping centers

Telephone

The international dialing code from abroad to an Indonesian number is +62.

For international calls, dial 00 + national code + area code + personal number. Mobile phone network coverage is available across Indonesian and relatively good across Bali.

Emergency Number

Emergency: 112

Ambulance: 118

Police: 110

Fire Department: 113

When contacting the important numbers above, please use the country code and area code. You can start by pressing +62 (0) for the Indonesian country code, then press – 361 for the Bali region code. Then continue pressing the destination number, for example – 112.

About Bali

Shopping in Bali

Discovery Mall is a shopping center, which gives the best shopping, dining, and entertainment experience in Kuta. There is just step away from congress venue. For more information, please visit: <https://www.discoveryshoppingmall.com/>

Tipping

Although it is not mandatory to tip for every service, the tips are nevertheless appreciated. Depending on the level of service provided, tips range about 5% to 10% of the total bill.

Island map

The complete Bali island map is here
