

ASPIRE MEMBERSHIP DRIVE EXCLUSIVE FOR NURSES, REGISTERED MIDWIVES AND REGISTERED COUNSELLORS

The Asia Pacific Initiative on Reproduction (ASPIRE) was constituted to do our part in improving the quality of patient care in the Asia-Pacific region through expanding knowledge and awareness of ART and infertility-related services. The society has been actively striving to provide educational programmes and a platform for healthcare professionals to interact with the leaders in the field.

We recognized that there is an increasing need for knowledge sharing and education to further improve standards for the Nurses, Registered Midwives and Counsellors. Therefore, with an aim of promoting fraternity, we are granting a special membership drive to all Nurses, Registered Midwives and Counsellors.

**Free 1-year ASPIRE membership to all
