

Date: Thursday, 30 March 2023 | Time: 5pm – 6.30pm GMT+8

This webinar will present all the critical information to know and consider regarding egg freezing so physicians can give their patients valuable advice regarding the impact that egg freezing can have on the timing of marriage, pregnancy, and childbirth.

## LEARNING OBJECTIVES

1. To learn the important role of technology on egg freezing success rates.
2. To learn the impact of age on the pregnancy rates using frozen oocytes.
3. To discuss the role that egg freezing can play to slow or decrease depopulation, its associated costs and who should bear them.

## TARGET AUDIENCE

### CHAIRPERSON:

**PROFESSOR ATSUSHI TANAKA**  
Fukuoka, Japan

- Director of Saint Mother Hospital
- Co-Chair ASPIRE Male Infertility SIG
